

Lecture Notes in Partial Differential Equations

June 2022

Introduction

This is a set of lecture notes which I took for reviewing stuff that I typed after taking class from Professor *insert name here*. All the typos and errors are of mine. I like to take notes in \LaTeX as it motivates me to drag my ass to class. The pictures that make here will be hand drawn and I will appreciate it if someone who is knowledgeable in Tikz will help me digitizing my rough hand-drawn pictures.
